NOTES:

1. In view of the massive outbreak of COVID-19 pandemic, the Ministry of Corporate Affairs has allowed companies to conducting of Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OVAM), and dispensed the physical presence of the members at the meeting. In view of the current situation, Ministry of Corporate Affairs had issued vide its Circular No. 14/2020 dated 8th April, 2020, Circular 17/2020 dated 13th April, 2020 and Circular No. 20/2020 dated 5th May, 2020 (collectively referred to as "MCA Circulars") prescribing procedure of and manner of conducting Annual General Meeting through VC/OAVM. In compliance with the provisions of the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and MCA Circulars, the 30th AGM of the company will be held through VC / OAVM. The detailed procedure for participation in the meeting through VC / OAVM is as per note no. 26 and also available at the company's website www.mazdalimited.com.
2. The Information regarding appointment/re-appointment of the Directors and Explanatory Statement of special businesses to be transacted pursuant to Section 102 of the Companies Act, 2013 and/or Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of the special business under Item No. 5 of the Notice, is annexed hereto.
3. Pursuant to the Circular No. 14/2020 dated 08th April, 2020, issued by the Ministry of Corporate Affairs, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, the Body Corporate intending to authorised their representatives to participate and vote at the AGM through VC/OAVM are requested to send a duly certified copy of the Board Resolution authorising their representatives to attend and vote on their behalf at the AGM.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

5. In compliance with the aforesaid MCA Circulars and SEBI Circular dated 12th May, 2020, Notice of AGM along with Annual Report 2019-20 is being sent only through electronic mode to all members of the company whose email addresses are registered with the company/ Depositories. Members may note that Notice and Annual Report 2019-20 has been uploaded on the website of the company at www.mazdalimited.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com and National Stock Exchange of India Limited at www.nseindia.com and the AGM Notice is also available on the website of CDSL (agency for providing the Remote e-Voting facility) i.e. www.evotingindia.com.
6. The Register of Members and the Share Transfer Books of the company will remain close from 18th September, 2020 to 25th September, 2020 (both days inclusive) to determine entitlement of dividend on equity shares, if declared at the Meeting. Dividend will be paid to those shareholders, whose name appears on the Register of Members of the company as at the end of the business hours on the record date i.e. 17th September, 2020.
7. The dividend, if declared will be paid on or after 06th October, 2020.
8. The Ministry of Corporate Affairs has notified provisions relating to unpaid / unclaimed dividend under Sections 124 and 125 of Act and Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016. As per these Rules, dividends which are not encashed / claimed by the shareholders for a period of seven consecutive years shall be transferred to the Investor Education and Protection Fund (IEPF) Authority. The IEPF Rules mandate the companies to transfer the shares of shareholders whose dividends remain unpaid / unclaimed for a period of seven consecutive years to the demat account of IEPF Authority. Accordingly, the unclaimed dividend in respect of financial year 2012-13 (Final) is due for transfer in October, 2020. The members, who have not encashed the above referred unclaimed / unpaid dividend, may please approach the Company and/or Registrar and Transfer Agent for payment of such unpaid dividend. Shareholders may please note that no claim of dividend will be entertained after the transfer of unclaimed dividend to the Investor Education & Protection Fund (IEPF). Hence, the company urges all the members to encash / claims their respective dividend during the prescribed period. The details of the unpaid / unclaimed amounts lying with the company are available on the website of the company i.e. www.mazdalimited.com. The shareholders whose dividend / shares are transferred to the IEPF Authority can now claim their shares from the Authority by following the Refund Procedure as detailed on the website of IEPF Authority <http://www.iepf.gov.in/IEPFA/refund.html>.
9. Shareholders seeking any information with regard to accounts or any queries or questions are requested to write to the company at nishith@mazdalimited.com at least 7 days before the meeting so as to enable the management to keep the information ready.
10. As per SEBI Circular No. CIR/MRD/DP/10/2013 dated 21st March, 2013, listed companies are required to use, either directly or through their RTA, any RBI approved electronic mode of payment like ECS, NECS, NACH etc. for distribution of dividends or providing other cash benefits to the investors. Accordingly, the members, holding shares in physical form, are requested to update their address or provide / update their bank mandate (including details of MICR, IFSC etc.) with the company or its Registrars & Transfer Agents (RTA), LINK Intime India Private Limited and members holding shares in dematerialized form are requested to intimate any change in their address or to change / update bank mandate with their Depository Participants (DP) to enable the company or RTA for making arrangements for electronic credit of dividend and other cash benefits to members.
11. Members may note that the Income Tax Act, 1961 as amended by the Finance Act, 2020, mandates that dividends distributed by a company after 01st April, 2020 shall be taxable in the hands of members. The company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of dividend. In order to enable us to determine the TDS rate as applicable, members are requested to upload Form 15G/15H, if applicable, on the weblink <https://linkintime.co.in/formsreg/submission-of-form-15g-15h.html> provided by company's RTA.
12. SEBI vide its circular dated June 8, 2018 amended Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 pursuant to which requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form. Members holding the shares in physical form are requested to dematerialize their holdings as the physical transfer of shares will not be permissible.
13. Members holding shares in physical form are requested to notify immediately the change in their registered address, bank details etc., if any to RTA, Link Intime India Private Limited.
14. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of contracts or arrangements in which the Directors are interested under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice will be available for inspection on request by sending an e-mail.
15. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the company/RTA.

16. The equity shares of the company are available for dematerialisation, as the company has entered into agreement with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). Those shareholders who wish to hold shares in electronic form may approach their Depository Participant. The ISIN No. of the Equity Shares is INE885E01034.
17. The members holding shares in dematerialized mode are requested to intimate all changes pertaining to their bank details, NECS mandates, Power of Attorney, change of address or name etc. to their Depository Participant only. Changes intimated to Depository Participant will be automatically reflected in the company's record which will help the company and its registrar and transfer agents to provide efficient and better services.
18. Pursuant to Section 72 of the Companies Act, 2013, shareholders holding shares in physical form may file nomination in the prescribed Form SH-13 and for cancellation / variation in nomination in the prescribed Form SH-14 with the company's RTA. In respect of shares held in electronic / demat form, the nomination form may be filed with the respective Depository Participant.
19. As required under the provisions of Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards-2, brief profile of the Directors proposed for re-appointment at the forthcoming Annual General Meeting, is annexed to the notice. The Directors have furnished the requisite consent / declarations for their re-appointment as required under the Companies Act, 2013 and the Rules made there under.
20. Non-Resident Indian members are requested to inform the RTA, immediately of:
 - i. Change in their residential status on return to India for permanent settlement.
 - ii. Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
21. To support the 'green initiative' members who have not registered their e-mail addresses so far are requested to register their e-mail address with RTA /Depositories for receiving all communication including annual report, notices, circulars, etc. from the company electronically. The link for registration of E-mail IDs with the company / RTA is: https://linkintime.co.in/EmailReg/Email_Register.html.
22. Trading in the shares of the company is compulsorily in dematerialized form for all investors. Dematerialization would facilitate paperless trading through state-of-the-art technology, quick transfer of corporate benefits to members and avoid inherent problems of bad deliveries, loss in postal transit, theft and mutilation of share certificate and will not attract any stamp duty. Hence, we request all those members who have still not dematerialized their shares to get their shares dematerialized at the earliest.
23. **PROCESS AND MANNER FOR MEMBERS OPTING FOR VOTING THROUGH ELECTRONIC MEANS:**
 - i. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its members in respect of the business to be transacted at the AGM. 5. EXPORTS AND TECHNOLOGY DEVELOPMENTS

Exports for the year were at ₹ 35.70 Crores as compared to ₹ 40.57 Crores for the previous year showing decrease by 12%.

The export business will remain sluggish as global economy is still not showing any improvement.

6. IMPACT OF COVID PANDEMIC

In March 2020, the World Health Organisation declared COVID-19 to be a pandemic. Consequent to this, Government of India has declared a national lockdown on March 24, 2020.

Due to lockdown across the nation, your company was also under the lock down conditions from the last week of March, 2020. During this difficult times, your company had facilitated the employees as far as possible to work from home. Your company has ensured regular communication with all stakeholders viz., Customers, Key Suppliers, Employees, Banks and Investors.

With the approval of Government Authorities, your company had re-started partial operations from April, 2020 after taking all precautionary measures to comply with COVID-19 Guidelines relating to safety, health, hygiene, reduced manpower, social distancing and other precautionary measures. Your company had resumed its' operations on regular basis from 01st June, 2020 onwards.

Since, COVID-19 situation evolves in India and globally, your company is closely monitoring the evolving situation arising out of COVID-19. It is difficult to estimate the pivotal impact of COVID-19 on the operations and financial resources of the company at this point of time.

7. PUBLIC DEPOSITS

Your Company has not accepted any Deposits falling under the meaning as per the provisions of Section 73 of the Companies Act, 2013 read with the Rules framed there under during the financial year 2019-20.

8. INSURANCE

Taking into consideration the multiple risks from riot, fire, earthquake, terrorism and other risks considered by the management, your company's assets are adequately insured.

9. MANAGEMENT DISCUSSION AND ANALYSIS

(a) Industry Structure and Developments:

MAZDA LIMITED, being one of the pioneers in the engineering industry continues to work towards bringing innovative product offerings to the customer at competitive prices. The company's drive towards excellence continued unabated. Capital goods being a derived demand sector, our company's growth depends on the investments in core sectors of the economy.

The Engineering industry is also expected to be impacted by the Covid-19 pandemic, which will experience downward pressures in the short term with 2%-5% decline across the industry. The impact across the various industries will vary with some industries impacted severely in the short term to some which will see minimal impact.

Engineering Business:

During the year under review, there was a strong order booking in the engineering business which registered a good growth in terms of turnover and profitability. Due to robust demand in Agro Chemical, Chemical and Pesticides Industry, the evaporator business for treatment of effluents saw a good growth. Good demand from the Power Industry helped to boost the overall vacuum business.

In export business for Vacuum system, company has expanded its global presence.

Food Business:

For the year under review we experienced a slowing in consumer purchase momentum globally which affected our year end targets. This was felt in several industries and FMCG was one of them. Our new facility continues to be under construction and we are confident that the move to larger premises with more efficient machinery will enable us to increase our global footprint with our product offering. Towards the end of the year we will be focusing on transition from one premises to the other with the least disruption to our current customers.

Our order book continues to be robust with new clients and new markets being added. New products will be added to our product offering only once we have moved to larger premises. We have entered a few domestic partnerships towards the end of this year, which have already shown a lot of promise and continue to do so as our supply increases.

(b) Segment-wise Performance:

Your company has divided the business in two segments i.e. Engineering Division and Food division.

During the year under review, the turnover of engineering business has increased by 39% and profits of the engineering business has increased by 23% compared to the previous financial year.

The food business has faced decline in growth this year which is reflected by a decrease in turnover by 25% and decrease in profits by 26% compared to the previous financial year.

(c) Outlook:

The financial year 2019-20 began with apprehensions of a slowdown, mainly over the US-China trade war and concerns over Brexit, and ended with an almost catastrophic blow to the world economy because of the novel corona virus (Covid – 19) pandemic. The combination of these factors made 2019 the year of slowest growth since the financial crisis of 2008. The growth of GDP shows a decline in 2019-20 by registering a growth of 4.2% over 6.1% compared to previous year.

In the previous year your company had developed environment friendly Chill Water Base Vacuum System for the edible oil refineries. The response from the market in the current year was very positive and we saw a good growth in this product line which is likely to continue.

In the coming year the company sees good prospects for the existing product lines but overall business may be impacted due to Covid Pandemic.

(d) Threat and concerns:

The company foresees a couple of challenging years ahead. Low growth in core sector industries has curtailed fresh investments in capacity building. Additionally, substantial Non Performing Assets (NPAs) in the banking and Non-Banking Financial Company (NBFC) sectors are affecting liquidity in the market. Stretched balance sheets of several conglomerates are further dampening private capacity enhancement. Moreover, the outbreak of the pandemic has resulted in industries shifting from expansion to survival mode; thus, fresh capex investments are unlikely in the short term which will reduce order flow in the near future for our company.

With the ZLD norms getting stricter, there are opportunities for effluent treatment and multiple effect evaporator systems. Water recycling will be another key focus area for all industries, and the company considers it to be a significant driver for its Water and Waste Solutions.

(e) Internal control systems and risk management:

Your company and the management have established a robust internal controls framework. We have in place adequate systems of internal control commensurate with the nature of our operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance with corporate policies. We also have a well-defined manual for delegation of authority for approving revenue and expenditure.

Your company has appointed internal auditors for the financial year 2019-20. They had carried out the internal audit based on an internal audit plan, which is reviewed each year in consultation with the Audit Committee. The internal audit process is designed to review the adequacy of internal control checks and covers all significant areas of the company's global operations.

The Audit Committee reviews the audit reports submitted by the internal auditors. Suggestions for improvement are considered and the audit committee follows up on the implementation of corrective actions. The committee also meets the organization's statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems in the organization and keeps the board of directors informed of its key observations from time to time.

The statutory auditors also independently audited the internal financial controls over financial reporting as on March 31, 2020 and have opined that adequate internal controls over financial reporting are existing and that such controls were operating effectively.

The risk evaluation is performed as and when requires.

(f) Health, Safety & Environment:

During the year, numerous initiatives were undertaken in your Company's plants and offices in the areas of Environment, Occupational Health and Safety (EHS).

We are compliant with all EHS Regulations stipulated under the Water (Prevention and Control of Pollution) Act, The Air (Prevention and Control of Pollution) Act, The Environment Protection Act and the Factories Act and the Rules made thereunder. Regular safety trainings are conducted for employees, contractors, vendors and suppliers.

Your company's manufacturing facility at all four units and corporate office are ISO 9001:2015 & 14001:2015, and OHSAS 18001:2007 certified.

(g) Human Resources and Industrial Relations:

Your company considers its people to be its biggest asset and credits its sustained improvements to their ethics, dedication and energy. It is its endeavor to offer a work environment and HR processes that promote creativity, teamwork, meritocracy, learning and leadership.

The company continues to maintain a strong relationship with its employees, in order to improve their efficiency level at the workplace. It also confirms its commitment towards the development of HR policies, which will help the company to full fill its business needs.

The Human Resources function has been enabling business transformation by striking a balance between business needs and individual aspirations. The company has a dedicated human capital of over 219 employees spread across locations in the organization.

Your company enjoys harmonious industrial relations due to its vibrant work culture and believes in a collaborative approach to working. Your company believes employee relation creates a win-win situation for both employees and the organisation. This caring spirit has gone a long way in maintaining a harmonious environment across all units.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Mazda Limited ("the Company")** which comprise the Balance Sheet as at March 31st, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the period then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit and total comprehensive income, changes in equity and its cash flows for the period ended on that date.

Basis for Opinion

We conducted our audit of Standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 41 of the standalone financial statements, as regards the management's evaluation of COVID-19 impact on the future performance of the Company. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	Revenue recognition (Refer notes 1.9 and 21 to the Standalone Financial Statements) Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.	Our audit procedures with regard to Revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures.
2.	Existence and condition of inventories of raw materials, stock in process and finished goods (Refer notes 10 to the Standalone Financial Statements) The Company has its inventories placed in the factories at various locations. The Company has a policy of performing physical verification of inventories across locations: <ul style="list-style-type: none"> during the year at reasonable intervals, and also as on / or near to the balance sheet date. On account of COVID-19 related lockdown restrictions, management was unable to perform year end physical verification of inventories and verification was carried out subsequently for some of the locations.	We have performed the following alternate audit procedures to audit the existence and condition of inventories as per the guidance provided in SA 501 "Audit Evidence - Specific Considerations for Selected Items", as at the year-end, since we were not able to physically observe the physical stock verification: <ul style="list-style-type: none"> Understood and evaluated the management's internal control process to establish the existence and condition of inventories such as: <ol style="list-style-type: none"> the process of periodic physical verification carried out by the management, the scope and coverage of the periodic verification programme, the results of such verification including analysis and accounting of the discrepancies, if any; report of the Company's in-house team who physically verify the inventory of the Company at various locations.

	<p>Management has carried out other procedures to validate the existence and conditions of its inventory as at the year end, such as roll back procedures for inventories which were physically verified subsequent to year end and carrying out consumption analysis to determine the quantities of the inventory at the balance sheet date.</p> <p>We were not able to observe the physical verification of inventories that was carried out by the management subsequent to the year-end due to the COVID-19 related restrictions.</p> <p>In view of the foregoing, obtaining sufficient appropriate audit evidence regarding existence and condition of inventories as at the balance sheet date is identified as a key audit matter.</p>	<ul style="list-style-type: none"> • Verified the stock movement analysis for the year in respect of key items of raw materials and finished goods at the factories to determine the quantities of inventory as at the balance sheet date. • Performed alternate procedures to audit the existence and condition of inventories, which includes inspection of supporting documentation relating to purchases, sales and production

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, and Corporate Governance Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind As and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 (the "Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, and the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind As specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's Internal Financial Controls over financial reporting.
 - g. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements -Refer Note 33 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education & Protection Fund by the Company.

- v. According to the information and explanations given to us, the Company has not accepted any deposit nor has any unclaimed deposit within the meaning of the provisions of Sections 73 to 76 or any other relevant provision of the Act and the rules framed there under. Accordingly, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company.
- vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under subsection (1) of section 148 of the Act in respect of Company's products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the same.
- vii. a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Duty of Customs, Goods and Service tax, Cess, and any other material statutory dues, as applicable, with the appropriate authorities.
- b) According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Duty of Customs, Goods and Service tax, Cess and any other material statutory dues were in arrears as at 31st March, 2020 for a period of more than six months from the date they became payable.
- c) According to the information and explanations given to us, details of dues towards Income Tax and Service Tax which have not been deposited by the Company on account of disputes are as follows:

Name of the Statute	Nature of the Dues	Amount (in Rs)	Period to which amount relates	Forum where dispute is pending
Income tax Act, 1961	Income Tax	10,612	F.Y. 2012-13	Assessing Officer
Service tax	Service Tax penalty	14,17,325	F.Y. 2012-13 to 2013-14	Customs, Excise & Service Tax Appellate Tribunal

According to the information and explanations given to us, there are no dues of Sales tax, Excise Duty, Custom Duty, Value Added Tax, Goods and Service tax and Cess which have not been deposited with the appropriate authorities on account of any dispute.

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company does not have any loans or borrowings from financial institutions or government and has not issued any debentures.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and term loans taken by the Company have been applied for the purposes for which they were obtained.
- x. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- xi. In our opinion and according to the information and explanations given to us, managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of the Section 197 read with Schedule V to the Act.

- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the provisions of Clauses (xii) of paragraph 3 of the Order are not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Indian accounting standards.
- xiv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transaction with the Directors or Persons connected with its Directors and covered under Section 192 of the Act. Accordingly, the provisions of Clause (xv) of paragraph 3 of the Order are not applicable to the Company.
- xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45- IA of the Reserve Bank of India Act, 1934. Accordingly, Clause (xvi) of paragraph 3 of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Mazda Limited (the "Company") as of 31st March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Control over Financial Reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Control over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Control over Financial Reporting included obtaining an understanding of Internal Financial Control over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Control system over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's Internal Financial Control over Financial Reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting, to future periods are subject to the risk that Internal Financial Controls over Financial Reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the criteria for internal financial controls over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

COMPANY BACKGROUND

Mazda Limited (the 'Company') is a public limited company and incorporated in 1990 under provisions of the Companies Act, 1956. The Company is engaged in the business of manufacturing of Engineering goods like Vacuum Products, Evaporators, pollution Control Equipments and Manufacturing of Food Product like Food colour, Various Fruit Jams & Fruit mix Powders etc. The Company sells its products in the domestic as well as export markets. The equity shares of the Company are listed on the Bombay Stock Exchange Limited (BSE) and National Stock Exchange Limited (NSE).

1. SIGNIFICANT ACCOUNTING POLICIES:

1.1. Basis of preparation of financial statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities (including Derivative Instrument) that are measured at fair values and defined benefit planned assets measured at fair value at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements except as mentioned in Note 1.5.

(ii) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(iii) Current / Non- Current Classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013.

1.2. Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

Capital work in progress and Capital advances

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation

Depreciation on each part of an item of property, plant and equipment is provided using the Straight Line Method based on the useful life of the asset as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets is determined as prescribed in Schedule II of Companies Act, 2013.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

1.3. Intangible Assets

Intangible assets are initially recognised at cost. Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Amortization

Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets is mentioned below:

Computer software	5 Year
Licenses & Commercial Rights	7 Year

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

Research and Development

Expenditure on research is recognised as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognised as an expense when it is incurred.

Items of property, plant and equipment and acquired Intangible Assets utilized for Research and Development are capitalised and depreciated in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

1.4. Impairment

Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

Assets that are subject to depreciation are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

1.5. Lease

The Company has applied the Ind AS pronouncements pursuant to issuance of the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2019. Accordingly the Company has adopted Ind AS 116 "Leases" using the modified retrospective approach with effect from initially applying this standard from 1st April 2019. Accordingly, the information presented for previous year ended 31st March 2019, is not restated and reported as per Ind AS 17.

Assets taken on lease

At inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is, or contains, a lease if a contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract conveys the right to use an identified asset;
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the identified asset.

At the date of commencement of a lease, the Company recognises a right-of-use asset ("ROU assets") and a corresponding lease liability for all leases, except for leases with a term of twelve months or less (short-term leases) and low value leases. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. Lease payments to be made under such reasonably certain extension options are included in the measurement of ROU assets and lease liabilities.

Lease liability is measured by discounting the lease payments using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives and restoration costs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. ROU assets are depreciated on a straight-line basis over the asset's useful life or the lease whichever is shorter.

Impairment of ROU assets is in accordance with the Company's accounting policy for impairment of tangible and intangible assets.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

1.6. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

A financial asset is recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. At initial recognition, the Company measures a financial asset at its fair value plus or minus, in the case of a financial asset not at fair value through statement of profit and loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

- a. Financial assets measured at amortised cost;
- b. Financial assets measured at fair value through other comprehensive income (FVTOCI);
- c. Financial assets measured at fair value through statement of profit and loss (FVTPL)

The Company classifies its financial assets in the above mentioned categories based on:

- a. The Company's business model for managing the financial assets;
- b. The contractual cash flows characteristics of the financial asset.

Financial assets measured at amortised cost

This category generally applies to trade and other receivables.

A financial asset is measured at amortised cost if both of the following conditions are met:

- a. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows;
- b. The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- a. The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets;
- b. The asset's contractual cash flows represent SPPI.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

Financial assets measured at fair value through the statement of profit and loss (FVTPL)

FVTPL is a residual category. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity Instruments

All the equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL.

If the company decides to classify an equity instrument as at FVTOCI, then all the fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity. Equity instruments included within FVTPL category are measured at fair value with all the changes recognized in statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's balance sheet) when:

- a. The contractual rights to the cash flows from the financial asset have expired, or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
- c. The Company has transferred substantially all the risks and rewards of the asset, or
- d. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company assesses impairment based on expected credit loss (ECL) model to the following:

- a. Financial assets measured at amortised cost;
- b. Financial assets measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

- a. The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b. Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows simplified approach for recognition of impairment loss allowance on trade receivables, under the simplified approach; the Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable which is adjusted for management's estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and short term borrowings.

Subsequent measurement

- a. Financial liabilities measured at amortised cost;
- b. Financial liabilities subsequently measured at fair value through statement of profit and loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Trade and other payables

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

1.7. Derivative financial instruments and Hedge Accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

1.8. Inventories

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components and consumables are carried at the lower of cost or net realizable value. Goods-in-Transit are stated at cost. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, FIFO method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

1.9. Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of products

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customers either at factory gate of the Company or specific location of the customer or when the goods are handed over to the freight carrier, as per the terms of the contract.

Revenue from services

Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

Interest and dividends

Interest income is recognized using effective interest method. Dividend income is recognized when the right to receive dividend is established.

Other Operating Revenue -Export Incentive

Export Incentives are recognized as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

1.10. Segment Reporting

The Chief Operational Decision Maker (CODM) monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Operating segments are reported in a manner consistent with the internal reporting provided to the CODM.

The Board of Directors (BOD) of the Company assesses the financial performance and position of the Company, and makes strategic decisions; hence the Board of Directors are CODM. Refer note 38 for segment related information.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

1.11. Borrowing Costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

1.12. Earnings per Share

Basic earnings per share

Basic EPS amounts are calculated by dividing the profit or loss for the year attributable to equity holders of the Company by the weighted average number of Equity Shares outstanding during the year.

Diluted earnings per share

Diluted earnings per share is calculated by dividing the profit or loss for the year attributable to the equity holders of the Company by weighted average number of Equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential Equity shares in to Equity shares.

1.13. Foreign Currency Translation

Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Initial Recognition

On initial recognition, transactions in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount, the spot exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences arising out of these Translations are recognized in the Statement of Profit and Loss.

1.14. Income Taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961.

Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income Tax Act, 1961.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/ expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

1.15. Provisions and Contingent Liabilities

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

1.16. Employee Benefits

(1) Short Term Employee Benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus, short term compensated absences, ex-gratia, etc. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

(2) Other long-term employee benefit obligations

Entitlements to annual leave and sick leave are recognized when they accrue to employees. Sick leave can only be availed while annual leave can either be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Company determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

(i) Defined Privilege Leave Benefit plan

Entitlements to annual leave, which are expected to be availed and encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of leave encashment as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Leave encashment, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long-term employee benefits.

The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

(3) Post-Employment Benefits

(i) Defined Contribution plans

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and super annuation scheme for eligible employees.

Provident Fund scheme

Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred. The contributions are made to a government administered Provident Fund towards which the Company has no further obligations beyond its monthly contributions.

Recognition and measurement of defined contribution plans

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceed the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

(ii) Defined Benefit plans

Defined Benefit Gratuity plan

The Company has funded its gratuity liability with Life Insurance Corporation of India (LIC).

Recognition and measurement of Defined Benefit plans

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the LIC within the next twelve months.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

1.17. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments net of bank overdrafts which are repayable on demand as these form an integral part of the Company's cash management.

1.18. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

1.19. Key Accounting Estimates and Judgments

The preparation of the Company's financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Income taxes

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions (Refer Note 29).

Property, Plant and Equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Defined Benefit Obligation

The costs of providing gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 35, 'Employee benefits'.

Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Types of inputs for determining fair value are as under:

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares, and mutual fund investments. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

B. Measurement of fair values

i) Valuation techniques and significant unobservable inputs

The following tables show the valuation techniques used in measuring Level 2 and Level 3.

Financial instruments measured at fair value

Particulars	Fair value hierarchy	Valuation technique	Inputs used
Financial assets measured at fair value through profit and loss			
Foreign Exchange Forward Contracts	Level 2	Market valuation techniques	Derivative Instruments at values determined by counter parties/Banks using market observable data.
Financial liabilities measured at fair value through profit and loss			
Foreign Exchange Forward Contracts	Level 2	Market valuation techniques	Derivative Instruments at values determined by counter parties/Banks using market observable data.
Financial assets measured at amortised cost			
Security Deposits	Level 3	Discounted cash flow	Prevailing interest rates in the market, Future payouts, discounting cash flow

ii) Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting periods.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

C. Financial risk management

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') oversee the management of these financial risks. The Risk Management Policy of the Company formulated by the Board, states the Company's approach to address uncertainties in its endeavor to achieve its stated and implicit objectives. It prescribes the roles and responsibilities of the Company's management, the structure for managing risks and the framework for risk management. The framework seeks to identify, assess and mitigate financial risks in order to minimize potential adverse effects on the Company's financial performance. The Board has been monitoring the risks that the Company is exposed to due to outbreak of COVID 19 closely. The Board has taken all necessary actions to mitigate the risks identified on the basis of the information and situation present.

The following disclosures summarize the Company's exposure to financial risks and information regarding use of derivatives employed to manage exposures to such risks. Quantitative sensitivity analysis have been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company has insignificant interest bearing borrowings, the exposure to risk of changes in market interest rates is minimal. The Company has not used any interest rate derivatives.

b) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company operates, in addition to domestic markets, significantly in international markets through its sales and services in overseas and purchases from overseas suppliers and is therefore exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and GBP. The Company does not enter into any derivative instruments for trading or speculative purposes.

The Company uses forward exchange contracts, to hedge the effects of movements in exchange rates on foreign currency denominated assets. The sources of foreign exchange risk are outstanding amounts payable for imported raw materials, capital goods and other supplies denominated in foreign currency. The Company is also exposed to foreign exchange risk on its exports. Most of these transactions are denominated in US dollars.

Derivative instruments and unhedged foreign currency exposure

(i) Foreign Exchange Forward Contracts outstanding as at the reporting date are as follows:

		As at March 31, 2020		As at March 31, 2019	
		Foreign Currency	MTM Gain/(Loss)	Foreign Currency	MTM Gain/(Loss)
Foreign Exchange Forward Contracts to sell USD	USD	2,30,000	(7,83,200)	1,51,110	2,14,198
Foreign Exchange Forward Contracts to sell GBP	GBP	1,40,000	69,651	1,07,100	2,85,598

Balance in EEFC Bank Account	GBP	480	44,641	29,800	26,96,168

(iii) Foreign Currency Risk Sensitivity

The Company is mainly exposed to changes in USD and GBP. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD and GBP against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

A change in Foreign currency would have following Impact on profit before tax (₹ in Lacs)

	As at March 31, 2020		As at March 31, 2019	
	5% Increase	5% Decrease	5% Increase	5% Decrease
USD	12.38	(12.38)	22.34	(22.34)
GBP	2.07	(2.07)	7.06	(7.06)

c) Other Price Risk

Other price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. Other price risk arises from financial assets such as investments in equity instruments. The Company is mainly exposed to the price risk due to its investments in debt mutual funds recognised at FVTPL. As at 31st March, 2020, the carrying value of the investments in debt mutual funds amounts to ₹ 2764.60 Lacs (₹ 4321.17 Lacs as at 31st March, 2019). The details of such investments in debt mutual funds are given in Note 5. The price risk arises due to uncertainties about the future market values of these investments.

The Company is also exposed to price risk arising from investments in equity instruments recognised at FVTOCI. As at 31st March, 2020, the carrying value of such instruments recognised at FVTOCI amounts to ₹ 25.18 Lacs (₹ 25.93 Lacs as at 31st March, 2019). The details of such equity instruments are given in Note 5.

The Company has laid policies and guidelines which it adheres to in order to minimise price risk arising from investments in debt mutual funds.

The Company is mainly exposed to change in market rates of its investments in debt mutual funds recognised at FVTPL. A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

If the prices had been higher/lower by 10% from the market prices existing as at 31st March, 2020. Gain in the Statement of Profit and Loss for the year ended 31st March, 2020 would increase/decrease by ₹ 276.46 Lacs (2018-19 ₹ 43.21 Lacs) with a corresponding increase/decrease in Total Equity of the Company as at 31st March, 2020. 10% represents management's assessment of reasonably possible change in prices.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

2) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. The Company considers Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the credit rating agencies.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loan or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no provision considered.

Total	33,21,93,194	30,17,92,323

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

3) Liquidity Risk

Liquidity risk is the risk that the company will encounter in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The approach of the company to manage liquidity is to ensure, as far as possible, that Company will have sufficient liquidity to meet their respective liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risk damage to their reputation. The company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

NOTE 31 : CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at 31st March, 2020, the Company has only one class of equity shares and has low debt. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

2) Other Long term employee benefits :

2.1) Defined Privilege Leave Benefit plan

Entitlements to annual leave, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of leave encashment as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Entitlements to annual leave, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

D. Assets

(Amount in ₹)

PARTICULARS	As at 31st March, 2020	As at 31st March, 2019
PRIVILEGE LEAVE BENEFIT		
Policy of Insurance	1,28,43,943	1,23,84,866
TOTAL	1,28,43,943	1,23,84,866

E. Assumption

With the objective of presenting the plan assets and plan liabilities of the Privilege defined Leave benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

PARTICULARS	As at 31st March, 2020	As at 31st March, 2019
PRIVILEGE LEAVE BENEFIT		
Discount Rate	6.45% p.a.	7.35% p.a.
Salary Growth Rate	4.0% p.a.	5.50% p.a.
Withdrawal Rate	7% p.a.at all ages	7% p.a.at all ages
Leave Availment Rate	0.4% p.a.	0.4% p.a.
Leave Encashment Rate	0.0% p.a.	0.0% p.a.

F. Sensitivity

The sensitivity of the defined benefit obligation to changes in the weighted key assumptions are:

Increase / (Decrease) in defined benefit obligation	Year ended 31st March, 2020		Year ended 31st March, 2019	
	Define Benefit Obligation (DBO)	Change in DBO %	Define Benefit Obligation (DBO)	Change in DBO %
PRIVILEGE LEAVE BENEFIT				
Discount Rate				
Increase by 0.50%	1,19,88,293	-3.20%	1,13,05,717	-3.42%
Decrease by 0.50%	1,28,06,910	3.41%	1,21,32,744	3.65%
Salary growth Rate				
Increase by 0.50%	1,28,15,071	3.48%	1,21,38,374	3.70%
Decrease by 0.50%	1,19,77,370	-3.29%	1,12,97,058	-3.49%
Withdrawal Rate				
Increase by 10%	1,24,80,494	0.78%	1,17,66,910	0.52%
Decrease by 10%	1,22,79,697	-0.84%	1,16,37,007	-0.58%

The above sensitivity analysis may not be representative of the actual benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore in presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

Transition to Ind AS 116 'Leases'

With effect from 1st April 2019, the Company has adopted Ind AS 116 "Leases" and applied the standard to lease contracts existing on the date of initial application using the modified retrospective approach. Accordingly, on initial application of Ind AS 116, in respect of leases previously classified as operating leases, lease liability is measured at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognized in the Balance Sheet as on 31st March 2020. There is no impact on retained earnings as on 1st April 2019.

NOTE: 41 ESTIMATION OF UNCERTAINTIES RELATING TO COVID-19

In March 2020, the World Health Organisation declared Covid-19 a global pandemic. Consequent to this, Government of India declared nation-wide lockdown on 24 March 2020, which has impacted normal business operations of the Company. The Company has considered the possible effects that may arise out of the still unfolding COVID-19 pandemic on the carrying amounts of property, plant & equipment, intangible assets, investments, inventories, trade receivables, profits etc. For this purpose, the company has considered internal and external sources of information up to the date of approval of the Standalone Financial Statements including related information, economic forecasts, etc. Based on the current estimates, the company does not expect any significant impact on such carrying values. The company will continue to monitor developments to identify significant uncertainties in future periods if any.
